SUMMARY

Lead Mobile Engineer with 10+ years in front-end and mobile development. I have shipped and led React Native and Kotlin products for fintech, HR tech, cloud gaming and my own app with 40k+ downloads, and I am as comfortable mentoring a team as I am in the code. Bilingual English/French, based in Toronto, open to lead or senior mobile roles, on-site or remote.

SKILLS

Mobile	React Native · Expo · TypeScript · Kotlin · Android SDK · Swift (basics) · Native modules & bridges · App Store & Google Play releases · Flipper
Web	React · Redux · JavaScript (ES6+) · GraphQL · HTML · CSS & Flexbox · Tailwind CSS
Back end & cloud	Node.js · Firebase (Cloud Functions · Firestore) · REST & GraphQL APIs · MQTT · Redis · Linux
Delivery & leadership	CI/CD (GitHub Actions · Microsoft App Center) · Git · Code review · Mentoring · Technical design · AI-assisted development

EXPERIENCE

Jun 2025 – Jul 2026

Lead Mobile Engineer

Chexy · Toronto

Toronto fintech that lets renters pay rent by card and build credit

- Led a team of five mobile developers, splitting my time 60/40 between technical leadership and hands-on development.
- Mentored engineers, ran code reviews and coordinated cross-team work with product, backend and design.
- Translated complex fintech requirements into clear technical designs and delivery plans.

Jun 2024 – May 2025

React Native Engineer

Folks HR · Québec · remote

Human Resource Information System (HRIS) for Canadian SMBs

- Developed the mobile application of a modern HRIS, focused on a seamless experience for HR professionals and employees alike.
- Delivered features end to end in React Native and TypeScript, working closely with the product and backend teams.

Nov 2019 – Jun 2024

Founder & Lead Mobile Engineer

EmptyMyFridge · Toronto · Paris

AI-driven anti-food-waste app, still live and maintained today

- Conceived, built and shipped the app from scratch on iOS, Android and web; enter the ingredients you have, get recipes.
- Grew it to 40k+ downloads and about 150 daily users, rated 4.5★ on the App Store and 4★ on Google Play.
- React Native and TypeScript front end, Firebase Cloud Functions (Node.js) back end, migrated to the React Native New Architecture.

Feb 2023 – Jun 2023

Mobile Engineering Trainer

OnTrain Corp. · Paris · remote

- Trained junior developers in React Native, Java and Kotlin, covering native bridges, debugging with Flipper and day-to-day project workflow.

Sep 2017 – Mar 2023

Lead Mobile & Front-end Engineer

Freelance via Malt · Paris

"Supermalter 3", the highest status on Europe's leading freelance platform, for consistently top-rated missions

- **Epsor** (Feb 2022 – Mar 2023) — Led React Native development of an employee-savings and retirement app on a GraphQL API; built the mobile CI/CD with GitHub Actions and Microsoft App Center.
- **Blade / Shadow** (Sep 2018 – Nov 2019) — React front end for a high-performance cloud-gaming service; owned daily operations of the launcher app used by about 100,000 people and set up its CI/CD pipelines.
- **Recast.AI (now SAP Conversational AI)** (Sep 2017 – Sep 2018) — React and Redux front end for a chatbot-building platform, through the company's acquisition by SAP.

Feb 2020 – Mar 2021

Kotlin & React Native Engineer

DisMoi · Paris

Browser extension and mobile app that surfaces fact-checking while you browse

- Built an Android accessibility service in Kotlin, including the on-screen info-bubble feature; the code is open source.
- Hands-on with the Android SDK, Android Studio, Gradle, Java and Kotlin.

Apr 2017 – Oct 2017

Front-end Developer

Vizeat · Paris

Social-dining marketplace

- Front-end development with React, Redux, HTML and CSS (flexbox).

Sep 2016 – Mar 2017

Front-end Developer

CityTaps · Paris

Prepaid smart water meters bringing running water to urban homes in emerging countries

- Developed the cloud service for IoT-connected water meters, with MQTT for real-time data transmission and front-end display.

EDUCATION

Master's degree in Computer Science

Epitech, Paris · 2015

Master's degree in Philosophy of Science

Paris-Sorbonne University (Paris IV), Paris · 2008

LANGUAGES

French · native

English · fluent, bilingual
